**STOLKAR**  
SINCE 1989

TREND LINE

# MODULAR SOLUTIONS IN YOUR KITCHEN

.....

**Modular kitchens** from the **Trend Line collection** are an excellent alternative to custom-made kitchen furniture. You can choose from **12 front designs** created by experienced designers, available in the trendiest colors, ensuring that your kitchen will never go out of style and that using it will be pure pleasure.

## Modular – what does it mean?

You can design your kitchen using over **100 available** upper and lower cabinet units. If you need to modify any of the available cabinet modules for any reason, you have that option.

**We can customize** each cabinet specifically for you (cabinets in **10mm** increments, drawers in **50mm** increments). All of this is to create a **kitchen that perfectly meets your needs**.

## Durability at a Reasonable Price

With **35 years of experience**, we know exactly how to achieve a balance that many find impossible. The Trend Line collection proves that **high quality** can go hand in hand with an **affordable price**.

## Ready-to-Use Solutions

The furniture from the Trend Line collection is designed for **self-assembly**. Thanks to **a clear instruction** manual, anyone can easily assemble their kitchen furniture. This allows you to create a unique interior effortlessly while saving money.

## The Details You Don't See

**Soft-close** hinges and drawers, along with **full-extension** drawers, come as standard. It's essential to enjoy your kitchen furniture without any limitations.

You can be sure you won't run out of space. The exceptional **524mm depth** of the lower cabinets helps you make the most of your storage.

Additionally, **height-adjustable legs** (10mm) allow you to customize the furniture to your needs, ensuring that working at the kitchen counter is pure comfort.

## Additional Equipment

You can customize your Trend Line kitchen with **accessories** of your choice. A wide selection of **cargo baskets, drawer inserts, and waste bins** allows you to tailor the contents of your cabinets and drawers to your individual needs.

Our designers will be happy to suggest innovative solutions to make your kitchen as functional as possible.

## Lighting

Lighting is one of the key elements in kitchen design. **Spotlights, LED ceiling panels, and LED strips** hidden in the cabinet structure, matching the color of the body – all can be selected based on your kitchen style and **individual needs**.

Remember, **lighting affects** not only **the functionality** of your kitchen but also the **ambiance and aesthetics** of the entire space. It's worth taking the time to choose the right lighting to create a practical, comfortable, and inviting kitchen environment.

# IRMA

Irma is a perfect choice for those who appreciate **classic design with a modern touch**. The **milled fronts** are made of **19 mm** MDF board, coated with a matte PVC foil.

A standout feature is the coffee color, a warm and subdued shade that creates a cozy atmosphere. The beautifully deep-milled fronts will complement any interior, adding character and sophistication.

## Available colors:

# OSCAR

*Oscar is a kitchen collection featuring **18 mm high-gloss acrylic fronts**, offering exceptional versatility and endless design possibilities. It allows you to create a stunning and stylish interior with ease.*

*Glossy kitchen furniture adds **a touch of elegance** and modernity, **reflecting light** and bringing a unique radiance to the space.*

**Available colors:**

WHITE GLOSS

CASHMERE GLOSS

ANTRACITE GLOSS

# DENIS

Denis is the perfect choice for those who appreciate **aesthetic minimalism** combined with **everyday convenience**. The versatile design of the fronts seamlessly adapts to any interior style. Their **simple form** ensures freedom in arrangement, allowing for a personalized kitchen space.

The fronts are made of 19mm foil-coated MDF board, offering durability and timeless elegance.

## Available colors:

# VICTORIA

*Victoria is an elegant choice that blends classic style with modern finishes. The delicately **milled front** frame adds a timeless look, making it a **perfect fit** for English or Scandinavian-style interiors.*

*It is available in various finishes, including a matte olive version, which is an **absolute hit this season**.*

**Available colors:**

# GAJA

.....

Gaja is a perfect solution for those seeking beautiful, **modern kitchen** furniture that also visually enlarges the space. The **19 mm lacquered** fronts come in a **glossy white** finish, offering both aesthetic appeal and functionality.

This design is ideal for smaller kitchens, creating a **sense of openness**, as well as for spaces that require more light and brightness.

## Available colors:

WHITE HIGH GLOSS

**TREND**line

# ZOYA

.....

Clean lines, smooth, **handle-free surfaces**, and a versatile color palette that complements any interior style. **The 19mm MDF fronts** are coated with matte PVC foil, ensuring durability and elegance.

Choose from matte white with an ultra-fine grain texture, sophisticated gray with an exceptionally smooth finish, or a natural wood imitation with visible cracks – each adding a distinctive character to your space.

### Available colors:

# ADELE

.....

Adele is the perfect choice for those seeking **timeless design** with a contemporary touch. Flawless attention to detail, **trendy colors**, and an elegant form make this collection ideal even for the most demanding customers.

The beautifully milled fronts, **made of 19mm MDF** board, are coated with matte PVC foil, combining exceptional aesthetics with long-lasting durability.

## Available colors:

# BONO

.....

*The 18 mm fronts are made of durable **laminated board**, ensuring **long-lasting quality** and **easy maintenance**. Their original surfaces provide a perfect design base, allowing for versatile interior styling.*

*A rich selection of wood-like finishes lets you create a kitchen with the warmth and **charm of natural beauty**, while maintaining the functionality you expect from **modern kitchen** furniture.*

**Available colors:**

WHITE ALASKA

MINT

GRAPHITE

CASHMERE

NEBRASKA OAK

HIKORA OAK

GOLDEN OAK

ARTISAN OAK

LANCLOT OAK

# TRACY

.....

*Inspired by retro style, the Tracy kitchen features matte, **deeply grooved fronts**, crafted from 16 mm foil-coated MDF board.*

*The elegant grooves serve as a distinctive decorative element, **adding character and originality to the monochromatic surfaces**, making the design both timeless and unique.*

Available colors:

# EMILY

.....

A clean, **geometric design with a hint of classic elegance**. Subtle milling details create a **delicate frame around the edges**, adding charm and sophistication.

Seemingly traditional, this style effortlessly fits into modern interiors. The 16mm foil-coated MDF fronts come in a **matte finish**, combining aesthetics with durability.

**Available colors:**

# MAX

.....

*Max is the perfect choice for those who appreciate **matte fronts with a velvety texture**. The **18 mm acrylic fronts** not only enhance elegance but also make everyday maintenance effortless.*

*While Max embraces simplicity in form, it offers endless design possibilities. A variety of color options allow you to create unique combinations, **seamlessly fitting into any interior style**.*

**Available colors:**

# KATE

*Kate is a retro-inspired kitchen featuring subtly grooved fronts, crafted from 16mm foil-coated MDF board. The delicate milling details add depth and visual interest to the monochromatic surfaces.*

*Available in a soft, matte color palette, Kate is perfect for those who want to combine sophisticated retro aesthetics with modern functionality, creating a kitchen full of timeless charm.*

**Available colors:**

# READY-MADE KITCHEN ISLANDS

.....  
*Kitchen islands are a practical and stylish solution that not only add character to your space but also provide extra workspace and storage.*

*Think of them as a **ready-to-use** set for expanding your kitchen world!*

*Available in three sizes and three color finishes, these islands can be **mixed and matched to suit your needs**. Plus, the option to customize the interior with cabinet modules from the **Trend Line** and **Classic Line** collections gives you even more flexibility to tailor your kitchen layout to your personal preferences.*
